

Single Axis Test Turntable
RM-ATSA-04
Features:

- High Speed
- Small Size
- Easy to Carry
- Light Weight

Specifications

Parameters	Specification	Unit
Rotating Axis	Single Axis	
Rotation Range	360° continuous	
Minimum Step Size	0.1°	
Maximum Speed	180° /s	
Minimum Stable Speed	0.1° /s	
Maximum Acceleration	120° /s ²	
Angular Resolution	< 0.01°	
Absolute Positioning Accuracy	±0.1°	
Load	20	kg
Weight	<10	kg
Control Method	RS422	
External Interface	Power Supply, Gigabit Network	
Load Interface	Power Supply, Gigabit Network Serial Port	
Power Supply	DC 24~48V	
Slip Rings	Power Supply 30A, Gigabit Network	
Size	306*260*170	mm
Working Temperature	-20℃~50℃ (expandable to -40℃ ~60℃)	
Main Application Range	Radar, Measurement and Control, Communication, Antenna Testing, etc.	

Note: We can customize according to your specific needs, please contact RF Miso!
